a right to tell them exactly what we want to do. Not only towards saving money but for conserving energy of which Mr. Udall was here this morning talking about. I think that this is one of the finest things that we can do and there are people in this legislature who are listening to the lobbyist and trying to say that the state of Nebraska does not have the power or does not have the desire to put their employees in cars that are compact, cars that are economical to operate, cars that are cheaper to buy than fine and dandy, but if we do.....I don't understand exactly what this amendment is going to do. I think that it is going to leave the state in the business, I have asked a question and several of them have kind of laughed about it, but it is really a serious problem. So Senator....I ought to call him Senator Svas, that always gets my attention with him. Senator Dworak just leave section four in the bill, it leaves the one in there that the state employees shall....the employees purchased by the state shall....

SENATOR DWORAK: Yes, it does. It leaves four in there.

SENATOR KEYES: It just leaves the sub-divisions of government out?

SENATOR DWORAK: Yes, that is correct.

SENATOR KEYES: OK, if that is the way we want to go in this state that is fine and dandy with me. We will let those subdivisions of government buy the cars that they please.

PRESIDENT: The question is shall the amendments to 474 be adopted? All those in favor say aye, those opposed nay. Motion carries. Senator Dworak.

SENATOR DWORAK: Mr. President, I move that LB474 be advanced to E & R for engrossment.

PRESIDENT: Any discussion of that motion? All those in favor say, contrary nay. Motion carries and the bill is advanced.

SENATOR DWORAK: Mr. President, I move the adoption of the E & R amendments to LB351.

SENATOR DWORAK: Mr. President, Move that LB351 be advanced to E & R for engrossment.
